Set Up Two Factor Authentication

Thanks for keeping your account secure. Please enter the mobile phone number you would like to use to receive your two factor authentication code. This number will be used for all future verifications.

Mobile Phone Number

Send Code

5. Enter the authentication code that was sent to your mobile number.

The screenshot shows a two-column layout. The left column contains a vertical progress bar with five steps: 1. Create Account, 2. Verify Account, 3. Create New Password, 4. Two Factor Authentication, and 5. Terms & Conditions. Step 2 is highlighted with a blue circle. The right column has a light gray background and contains the heading 'Keep Your Account Secure'. Below the heading, it states: 'An authentication code was sent to your mobile phone 832-671-2288. [Edit Phone Number](#)'. It then says: 'The code expires in 3 minutes after you receive it. To keep your account safe, please do not share your authentication code with others.' Below this is a countdown timer showing '2 : 55' with 'MINUTES' and 'SECONDS' underneath. Under the timer is a text input field labeled 'Authentication Code'. Below the input field is a link: 'Didn't receive code? [Resend Code](#)'. At the bottom is a 'Continue' button.

6. Agree to the Terms and Conditions.
